Second Atomic Bomb, Russian March Into Manchuria And Massive New B-29 and Fleet Blows Pile Up New Disasters on Reeling Japs; Chinese See Early Peace

MANILA—Millions of leaflets calling upon the Japanese people to revolt against their leaders and sue for peace were dropped on Japan by American planes today.

The leaflet barrage coincided with Russia's entry into the Pacific war and the dropping of a second atomic bomb on the enemy homeland.

It supplemented around-the-clock warnings from American propaganda stations in the Pacific to Japan to surrender to save herself from utter destruction.

LIBERATORS, MITCHELLS and Invaders from the Okinawa-based far eastern air forces carried the surrender leaflets to Japan today.

"Surrounded by a ring of steel, the Japanese people must take action to avoid the utter destruction of their country," the leaflets said. The leaflets were printed secretly by Gen MacArthur's psychological warfare branch in anticipation of Russia's declaration of war.

The front of the leaflets shows giant American and Russian soldiers clasping hands over the Japanese home islands.

"THE POWERFUL SOVIET Union now has joined the war against Japan," the leaflets said. "This means that Japan now will be compelled to meet much of the combined armed might of the entire world.

"The fate that befell the German army when it set out to overwhelm Russia is well known. Russia not only has stopped the invasion of the greatest army ever created, but the Red army counter-offensive swept the Nazi army back to Berlin and total defeat.

"Despite heavy casualties, the Red army now is at the peak of its strength, both in men and arms. With its great fighting spirit, this battle-tested army has joined the forces aligned against Japan."

CHUNGKING—Highest sources here expressed belief today that the end of the Pacific war is at hand as result of the declaration of war by Russia and introduction of the atomic bomb.

Strictest operational secrecy shrouded the attack of the Red banner armies of the Far East but is was learned that Russia-American military liaison now is the closest in history.

There was a little surprise here that Russians jumped off today as it had been expected they would wait until the diplomatic negotiations of Premier T. V. Soong had been completed in Moscow.

A declaration by Soong' and Premier Josef Stalin is expected in about a week.

IT WAS UNDERSTOOD HERE that introduction of the atomic bomb was closely connected with the Russian move. The idea, it was said, now was to pile one catastrophe on top of another until Japan surrenders.

Russia's declaration of war against Japan filled China's capital with mild joy today.

Coolies raced up and down the streets asking Chinese soldiers "Is it true?"

The Soviet entry into the war is something even the simplest Chinese understand.

SAN FRANCISCO—The Japanese Political association called an "emergency meeting" Thursday afternoon and held an "important conference" relating to the rapidly changing war situation, Tokyo radio reported today in a broadcast recorded by United Press in San Francisco.

Gen. Jiro Minami, president of the association, requested an audience with government and military leaders at the residence of Prime Minister Adm. Baron Kantaro Suzuki Thursday night, Tokyo said.

GUAM—Preliminary reports indicated the second atomic bomb to be dropped on Japan all but obliterated Nagaski, a major naval base and Japan's 11th largest city, during the noon rush hour today.

Crew members of the Superfortress which loosed the terrifying bomb on Nagasaki watched the earth-shaking explosion and flashed back to Gen. Carl A. Spaatz, commander of the strategic air forces, that results were good.

"No further details will be available until the mission returns," Spaatz said in a brief communique.

"GOOD RESULTS" INDICATED Nagasaki, a city of 252,630 persons, virtually had been blown off the map of Japan by an explosion equal to that which levelled four and one-tenth square miles of Horishima, target of the first atomic bombing raid last Monday.

Radio Tokyo was silent on the results of the Nagasaki attack. Only yesterday, however, it told how searing flames and horrible concussion blasted and burned to death "every living thing" within range in the Hiroshima raid.

Tokyo admitted that, even four days after the mighty atomic explosion in Hiroshima, it was impossible to assess fully the devastation wrought by the bomb. Bodies, burned beyond recognition and too numerous to count, still remained in the ruins.

AMERICAN EXPERTS COMPUTED the completely-destroyed area of Hiroshima with 318,000 population, Japan's seventh largest city, at 60 percent of the built-up area. An even greater percentage of Nagasaki probably was razed.

Powerless to halt the atomic bombing raids, Japan was crying out in "horror" against them and indirectly pleading for withdrawal of the weapon in the "name of humanity and fair play."

WASHINGTON — President Truman's radio report to the nation at 10 o'clock tonight will reveal some of the background of Soviet Russia's agreement to join the allies in the Pacific, White House press secretary Charles G. Ross said today.

The 30-minute address over all networks also will supply additional details of the Big Three Berlin conference, and will deal briefly with the atomic bomb.

CHUNGKING—Lt. Gen. Albert C. Wedemeyer disclosed today the Russian offensive in Manchuria has been closely coordinated with allied operations in China and the Pacific. He announced that American-trained Chinese parachute troops have gone into action against the Japanese for the first time.

WASHINGTIN—The powerful Russian war machine was believed today to be striking out for Harbin, Japan's most vital rail center located in the heart of Manchuria.

Military experts here described Harbin as the nerve center of communications and transport serving Japan's army deployed along the Manchurian-Siberian border. It is the rail head for three major lines—the Manchurian railroad, which runs northwest to Manchuli; the north Manchurian railroad, which runs northward to Blagoveshchensk, and the south Manchurian railroad, running south to Port Arthur.

DIRECTS ARMY'S ATOMIC PROJECT—Maj.-Gen. L. R. Groves, Army officer in charge of the government's atomic bomb project, studies map of Japan, above, which felt the effects of the new weapon twice since Sunday.

On the basis of reports from Tokyo, the Russians appeared to be following what military men call the classic invasion routes. They have broken across the border in two key areas—on a 300-mile front to the west and north of Vladivostok, and from Amnchuli on the northwest. Both prongs, military experts said, appeared to be aimed at Harbin.

WASHINGTON — The world's biggest army today followed the atomic bomb into action to speed the final doom of already bruised and bleeding Japan.

Officials here believed without exception that the Pacific war was rushing to conclusion.

The Japanese themselves appeared to realize that their situation was hopeless. This was borne out when Soviet Foreign Commissar V. M. Molotov revealed that as far back as mid-June the Japanese emperor had asked Russia to act as mediator in ending the conflict."

Secretary of State James F. Byrnes said, "There is still time—but little time—for the Japanese to save themselves from the destruction which threatens them."

IN AN APPARENT BID for a popular revolt against the war lords who are dragging Japan to suicide, Byrnes said:

"I hope that the people of Japan will realize that further resistance to the forces of the nations now united in the enforcement of law and justice will be futile."

President Truman may elaborate this theme when he addresses the American people tonight. At 10 p.m. he will broadcast over all networks.

It is expected he conceivably may suggest again to the Japanese that they surrender now before their islands are desolated for decades and generations.

LONDON—A Red army of 1,000,000 or more men crashed into Manchuria from the east and west at key points along a 2,000 mile front today and—Tokyo said—collided head-on in battle with Japan's crack Kwantung army.

Allied sources in Chungking said the Soviets already were several miles inside Manchuria at a number of points.

Radio Tokyo said Russian forces had crossed into Manchuria from the east along a 300-mile stretch of the Siberian border from Hunchun, 80 miles west of Vladivostok, to Hutou, 250 miles north of Vladisvostok.

In the west, Tokyo said, the Russians forced the border at Manchouli, 50 miles east of the outer Mongolian border.

TOKYO SAID RED AIR FORCE bombers bombed the communications centers of Hailan, Harbin, Chiamussu and Kirin in Manchuria and Rashin and Genzan in northern Korea.

Russia exploded her first far eastern offensive of World War II only a few minutes after her declaration of war against Japan took effect at midnight. Tokyo said the assault began at 12:10 a.m.

The Japanese version indicated the offensive was taking the shape of a giant pincers from east and west aimed perhaps at cutting Manchuria in two.

THE KWANTUNG ARMY, comprising some 750,000 of Japan's toughest and best-trained troops, presumably was waiting for the Soviet attack in long-prepared defenses inside the border.

Russia, for her part, had bolstered her far eastern forces with battle-toughened veterans of the fight against Germany in the west and also sent vast quantities of tanks, planes and munitions to the Far East.

It was obvious the Russians launched their offensive only after long' preparations—preparations of the kind that enabled them to advance 200 to 300 miles across Europe before pausing for reinforcements and supplies.

GUAM—More than 80 Superfortresses attacked the Nippon oil refinery and storage tank farm at Amagasaki near Osaka early today.

Amagasaki already had been 11 percent destroyed in a raid July 20, and 36 per cent had been "removed." The Japanese apparently had taken away part of the city to escape aerial destruction.

GUAM—Adm William F. Halsey's third fleet sailed into Japanese home waters today, unleashing 1,200 carrier planes against dwindling centers of enemy resistance as the Japanese reported a new strike by 100 Superforts against Tokyo.

Simultaneously Gen. Carl Spaatz, commander of the U. S. strategic air force announced the most complete devastation ever brought to any Japanese city by high explosive bombs was visited on Toyama on northern Honshu a week ago.

TOKYO SAID A FLEET of B-29s late this afternoon attacked industrial targets around the metropolitan area and that American warships earlier thrust within 10 to 20 miles of the Japanese coast to shell Kamaishi steel center in northeast Honshu.

Tokyo identified the targets of the Superforts as Oji Shima, Ogikubo and Tamachi in the industrial heart of Tokyo. Part of the force attacked nearby Senju.

SPAATZ SAID RECONNAISANCE photographs showed 99.5 per cent destruction of Toyama, one of four cities and an oil refinery hit by 800 Superforts Aug. 2.

On the heels of this announcement, Maj. Gen. Mathan S. Twining, commander of the 20th AAF, said yesterday's strike by 400 Superforts in three missions accomplished "good to excellent results."

Further reports from yesterday's strike by 225 Superforts against Yawata, Japan's "Pittsburgh" showed the B-29s had to dodge flak for 200 miles on their way to the target.

Fleet dispatches reported Halsey hurled more than 1,200 carrier planes at northern Honshu. Against light anti-aircraft fire and

Gerald Lalonde Named Chamber of Commerce Head

Gerald H. LaLonde was elected president of the Alpena Chamber of Commerce at a meeting of the board of directors Wednesday night at Summerville Haven Long lake.

Other officers elected were Howard L. Abney, vice-president; and Frank Doane, treasurer. Clair Taylor is secretary-manager.

The retiring president, William F. Knapp, was given a vote of thanks in appreciation of his services the past year.

New directors installed included Elroy Boboltz, Harry Cohen, H. L. Abney, G. H. LaLonde (reelected) W. F. Knapp (relected) and R. H. Wilson.

Holdovers are Emmet Richards, Frank Doane, Clarence E. Masters, Ed Owens, Dr. T. R. Bell and W. C. Boman.

A report of the progress of the organization the past year was given by W. F. Knapp and the financial report by Clair Taylor.

Letters of appreciation of services rendered by the Chamber of Commerce were read from the U. S. Chamber of Commerce; Mogey Twins lodge, Hubbard lake; Michigan Council CIO; the minister of planning and development, province of Ontario; and from 25 servicemen at Fort Riley, Kans., telling of the effective boosting done for Alpena by Pvt. Theodore A. Bedard.

A letter from the Chicago-Duluth Transportation co. said that the company would endeavor to make Alpena a port of call for its steamers in the postwar period.

Plan Alpena High Institute For Vets; No Tuition Charge

Alpena High school will establish a veterans institute next year if the demand warrants it, the Board of Education voted at the regular meeting of the Board Wednesday night.

Supt. R. H. Wilson was authorized to make necessary arrangements for the institute which will operate under the act passed by the State Legislature at its last session.

The object of the veterans institute is to give returned veterans an opportunity to pursue high school courses on an accelerated basis without entering classes with pupils of high school age. There will be a tuition charge which will be paid by the government under the GI bill of rights.

CREDITS WILL also be given returned veterans in regular classes for education, training and experience as a member of the armed forces, which may be the equivalent of a high school education. Tests to evaluate such records have been arranged by educational agencies.

The plan is designed primarily for those who have had little or no formal high school education. Tests will be given in five units

War Bulletins

MANILA — Gen MacArthur, commander of American forces in the Pacific, said today that Russia's war declaration against Japan "will make possible a great pincers movement which cannot fail to end in the destruction of the enemy."

MacArthur said he was delighted with the news.

CALCUTTA — Allied troops operating north of Nysung-Lebin, in southeastern Burma, today trapped a large number of Japanese and slaughtered the vast majority of them.

WASHINGTON — Five men were killed and 11 injured when the motor minesweeper YMS 39 hit a mine and sank off Balikpapan, Borneo, last June, the navy reported today.

The vessel, which had a crew of 37 officers and men, went down within 10 seconds after the blast. Its loss was first announced by the navy July 13.

MANILA—Far eastern airforce planes, ranging throughout Asiatic waters, smashed today at strained and dwindling Japanese vessels in a 48-hour attack.

Australian fighters bombed and strafed enemy troops concentrations and gun positions along the west coast of Borneo. They also supported Australian ground operations in the Balikpapan area, on the island's eastern side.

Rev. Schnaible to Be St. Paul Pastor

The Rev. Fred Schnaible of Port Huron has accepted the call to the pastorate of St. Paul Lutheran church succeeding the Rev. Paul H. Moeller resigned to accept a position as director of the Lutheran children's home at Waverly, Ia.

The Rev. Schnaible who is 36 years old, graduated from Wartburg college, Clinton, and Wartburg seminary, Dubuque, Ia. He came directly to St. Paul Lutheran church, Port Huron, where he has been pastor for nine years.

The Rev. and Mrs. Schnaible and son aged four years will arrive the last week in August. The Rev. and Mrs. Moeller and family expect to leave next week. The Rev. Moeller has been pastor of St. Paul for 14 years.

Nazi War Editor Taken Prisoner

MUNICH—Third army authorities revealed today that they have taken into custody Gen. Wilhelm Weiss, for 19 years editor of the Nazi party organ Voelkischer Beobachter, who qualifies both as a probable war criminal and potential witness in the Nuremberg war crimes trials.

The 54-year-old one-legged editor whose bitter pen incited thousands of Germans to race hatred faced his confinement calmly.

He declared that he had been on the inside of the Nazi party almost since its beginning in 1923 and the real power behind Hitler's throne was sinister deputy fuehrer Martin Bormann, who influenced heavily his chief's decisions.

Weiss had a new angle on the Hess incident. He claimed that Hess, confident that the Germans would conquer England, parachuted into Scotland so that he could "glamorize" himself and perhaps talk the British into surrendering.

Names Successor To Gen. Chennault

CHUNGKING — Maj. Gen. Charles B. Stone has been named to succeed Maj. Gen. Claire Chennault as commanding general of the 14th airforce, Lt. Gen. George E. Stratemeyer, U. S. air commander in China, announced today. Stone formerly was chief of staff under Stratemeyer in the India-Burma theater.

GI Joes in Alpena Happy Over Soviet Entrance Into War

The following article was written by S-Sgt. Don Hoenshell, former Alpena News writer who is home on furlough from Italy where he served with the 15th AAF for more than a year.

Russia's steam-roller push into the bitter struggle against Japan is typical Red army strategy according to Alpena servicemen who became acquainted with Soviet tactics in Europe.

The effect on furloughing Alpena soldiers was electric.

With Russias mighty war machine in mesh with the American and British team, the possibility that the Pacific war will be over before many Alpena servicemen are redeployed to the Pacific, is apparent.

Throughout Alpena last night, servicemen were remembering the Russians in the Balkans—the drives from Stalingrad to Berlin, and the way it was done.

When the Red army goes to war, it throws shells and armor and men and women against the enemy. Something has to break.

THE RUSSIANS SMASH through at the enemy until their supply lines are stretched to the breaking point. They stop for a time, holding their captured ground and getting set for the next lunge. They smoulder until the next kick-off, then crash on.

Russian women are mainly kept in non-combatant status, flying transports, working behind the lines. Still, there have been stories of young Russian girls shouldering arms and passing the ammunition.

DOUG SCOTT, son of Mr. and Mrs. D. R. Scott Lockwood-st, recently discharged serviceman and former aerial engineer on C-46 transports, remembers Russian women in AAFSAT, Orlando, Fla. "They were good pilots," he says.

"According to the United Press," Russia has ten million fully trained, battle hardened combat troops

FL. OFF. GALE BOYNTON

KILLED IN ACTION—Memorial services for Flight Officer Gale Boyton, 20, son of Mr. and Mrs. Eldon Boynton, 113 E. Clark, will be Sunday at 9 at St. Paul Lutheran church, the Rev. Paul Moeller officiating. Friends are asked to omit flowers.

Gale was killed in action, July 28, over the Ryukyu islands, while a member of the Green Dragon squadron of the Fifth Air Force.

He was born Apr. 25, 1925 in Alpena and had been president of his graduating class from Alpena High school in 1943. He was a member of the football team and active in all school activities. He enlisted in the air corps when 17 and while awaiting call was employed at the Besser Manufacturing-co.

Besides his parents he is survived by a sister Eda Marie and his maternal grandmother Mrs. Eda Arpin.

He is the 76th Alpena county man to give his life in World War II.

Three More Eliminated in Tennis Tourney

Only five contestants remained in the running today for the men's singles title in the Lions club city tennis tournament.

Latest to be eliminated were Richard Leavitt, who bowed 6-3, 5-7, 6-4, to Ed Whedon; and Bob Keller, who was defeated, 6-2, 6-1, by Jack Hardin.

Hardin meets Richard Sommerfeld in the lower bracket of the semi-finals and Whedon will engage the winner of the Gerald Skiba-Ted Michaud match.

The field in the women's singles was reduced from three to two Wednesday when Marie Wisniewski won over Jean Marciniak, 6-2, 6-3, to advance to the finals where she will oppose Lois Hampton Aug. 15, date of the Lions Club community picnic at Mich-E-Ke-Wis park beach.

The number of teams still gunning for the men's doubles title will be reduced tonight from four to three when Kildow Lovejoy and Dick Kauffman of Grand Lake meet Jack Hardin and Dick Sommerfeld in a semi-final match. The other two surviving teams are Gerald Skiba and Bob Keller and Ted Michaud and Angelo Batsakis.

Kite-Flying Contest Is Slated Friday

A kite flying contest will be staged at Mich-E-Ke-Wis park Friday afternoon beginning at 3, announces beach recreation director R. F. Hastie.

Every boy in town is invited to bring his kite and participate. A prize will be awarded to the boy placing first.

Big Boom Man

Dr. J. Robert Oppenheimer, above, a foremost physicist, is credited by Secretary of War Henry L. Stimson with being largely responsible for development of the atomic bomb. On leave from the University of California, Dr. Oppenheimer has charge of technical laboratories in Los Alamos, N. M., where atomic tests have been under way since 1943 in the famed Harvard cyclotron.

Pile Up New Disasters on Reeling Japs

(Continued From Page 1)

no airborne opposition they hammered all day at seven key defense bases and early reports indicated they were taking a heavy toll of Japan's crippled air force.

STUNG TO DESPERATION BY Halsey's aggressive foray, the Japanese undertook a kamikaze suicide-plane attack on Halsey's ships for the first time since the third fleet invaded homeland waters early in July.

United Press correspondent Richard W. Johnsen saw a kamikaze zoom down through an orange haze, smack the water a few yards from one of Halseys carriers, flare momentarily and disappear in smoke.

"Tokyo cannot wait for invasion now," Johnsen reported from aboard a warship off Japan in explaining the kamikaze attack.

ANOTHER 300 LAND-BASED bombers and fighters raided western Honshu for three hours from 9 a.m. to noon Tokyo time, Japanese broadcasts said.

Today's attacks followed four separate raids by almost 400 Superfortresses in the previous 24 hours.

The B-29s dropped 2,300 tons of bombs on the Fukuyama industrial area 47 miles northeast of Kure, the Nakajima Musashino-Tama aircraft plant in the Tokyo area, the Tokyo arsenal and the Kyushu steel city of Yawata yesterday.

Three Superfortresses were lost but good to excellent results were reported at all four targets.

and administered by the Armed Forces Institute.

REGULAR SERVICES now being offered by the high school to veterans include appraisal and acceptance of high school credits, educational and vocational counselling service, apprenticeship training, cooperative trade training, day trade machine shop and regular high school classes.

Preliminary plans for the new units to Alpena High school have been approved by the State Department of Public Instruction, Supt. Wilson reported.

All places on the teaching staff for the coming year have been filled with the exception of a commercial teacher. Supt. Wilson said he had a capable man who was considering the position.

Work on the Churchill school is progressing satisfactorily and it will be ready for occupancy in September.

The Board adjourned to a special meeting to be held Aug. 20. All members were present and Mayor H. A. [illegible] presided.

Win the War With Salvage

Tin Cans—Send prepared tin cans to any school. City trucks pick them up and they are stored for shipment.

Fats and Greases—Send kitchen fats in clean tin can to any meat dealer who will pay four cents a pound for them. In addition, two meat ration points will be given for each pound.

Waste Paper—Newspapers and magazines should be tied in bundles and loose waste paper put in a container. Call Boy Scout headquarters, 570-W or 155-M for collection.

Scrap Metals—Sell to nearest junk dealer.

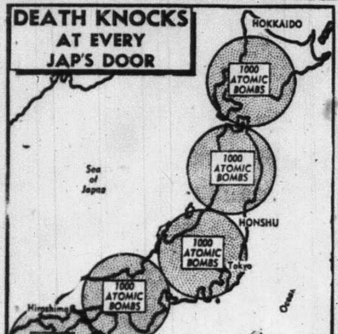
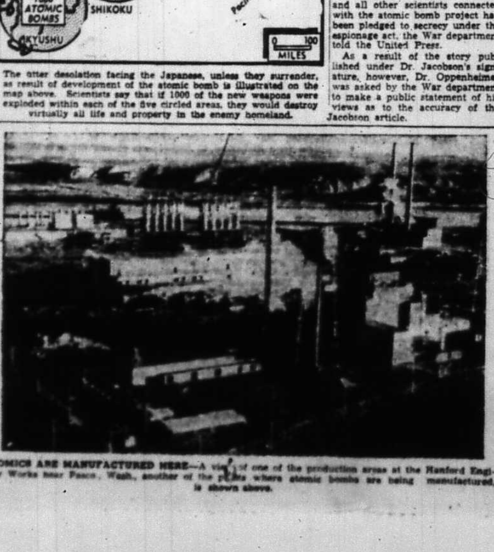
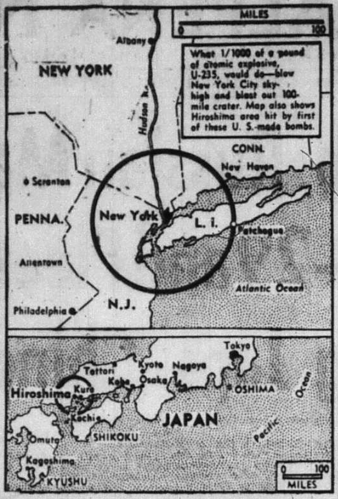
CHICAGO—Eggs: Market changed. Current recipts 37.1.



The utter desolation facing the Japanese, unless they surrender, as result of development of the atomic bomb is illustrated on the map above. Scientists say that if 1000 of the new weapons were exploded within each of the five circled areas, they would destroy virtually all life and property in the enemy homeland.



ATOMICS ARE MANUFACTURED HERE—A view of one of the production areas at the Hanford Engineer Works near Pasco, Wash., another of the plants where atomic bombs are being manufactured, is shown above.



WHERE BOMBS HIT—WHAT THEY DO—The Japanese area hit by the first atomic bomb is shown above in circled area on lower map. Map at top indicates terrific power of newly developed explosive.

Mr. and Mrs Peter Gatzke had as their guests on Friday the Leland Olmsteads of Detroit, Mrs. Edward Gatzke, Mrs. Louis Przykucki and Mrs. Joseph Przykucki, Alpena. Mr. and Mrs. Leland Olmstead will spend a few days next week at Mackinac Island.—Miss Helen Holla is visiting her parents.—Mr. and Mrs. Dan Klimaszewski, Mr. and Mrs. Eugene Klimaszewski and Mrs. Charles Beringer of Flint visited Mr. and Mrs. Dory Markey.—Mr. and Mrs. Peter Gatzke and son spent Sunday in Alpena visiting Mrs. Edward Gatzke. They also visited Mr. and Mrs. Frank Nowakowski of Bay City who spent the week-end there.—Mr. and Mrs. Max Filarski, Mr. and Mrs. Chester Lamp and family of Alpena spent Sunday with Mr. and Mrs. Louis Nowak and family. They were accompanied by Gary Nowak who will visit here.—Jim Doyle spent the week-end in Alpena.

Lions Meet

The Lions club held their dinner meeting Monday night at Brook's hotel, Lion president Frank Ware presiding. Plans were made to hold a bingo every Friday night.

Mrs. Ted Urban of Detroit is visiting her parents—Mr. and Mrs. John McFalda and granddaughter Mary Lee of Detroit visited Mr. and Mrs. Stanley Jachcik. They are also spending two weeks at Grand Lake.—Mr. and Mrs. Joe Smigelski of Detroit visited their parents. Their daughter Annette returned with them after spending the summer with her grandparents, Mr. and Mrs. Joe Dehring.

Honored by Shower

A bridal shower was given by Mrs. Della Haske and Mr. and Mrs. Alex Krawczak Saturday night at Metz hall honoring Miss Gertrude Krawczak and Harry Haske whose marriage will take place Saturday Aug. 11 at St. Ignatius church. Dancing concludes the evening.

Claims No After Danger from Bomb

WASHINGTON—Dr. J. R. Oppenheimer, director of the $2,000,000,000 research project which produced the atomic bomb, said today there was no reason to believe the bomb explosion over Hiroshima left any "appreciable radio activity on the ground."

Dr. Oppenheimer's statement was issued by the War department in denial of a newspaper story under the signature of Dr. Harold Jacobson, physicist, which said the atomic bomb would leave killing radio-activity in its wake for 70 years.

The War department said flatly there was "no basis for Dr. Jacobson's speculations with respect to radioactivity" in the opinion of qualified experts.

"Based on all of our experimental work and study, and on the results of the July 16 test in New Mexico," Dr. Oppenheimer said, "there is every reason to believe that there was no appreciable radioactivity on the ground at Hiroshima and what little there was decayed very rapidly."

Dr. Oppenheimer, Dr. Jacobson, and all other scientists connected with the atomic bomb project had been pledged to secrecy under the espionage act, the War department told the United Press.

As a result of the story published under Dr. Jacobson's signature, however, Dr. Oppenheimer was asked by the War department to make a public statement of his views as to the accuracy of the Jacobson article.

Loses Left Hand In Grenade Blast

LANSING—Leon Gaffney 35, Eagle, an inspector for the army at the Barley-Earhart plant in Portland suffered the loss of his left hand last night when a grenade he was holding exploded.

Gaffney told state police he took home six inside parts of hand grenades which are manufactured at the Portland plant. In company with Rubin Maier, also of Eagle, Gaffney took the parts to a vacant field where he taped the grenades together. One grenade exploded unexpectedly in his hand after he had pulled the firing pin.

GI Joes in Alpena Happy Over Soviet Entrance Into War

(Continued From Page 1)

to throw at Japan. This, supported by the famous Russian artillery that leveled half of Berlin, is an indication that, if the Japanese war continues for any length of time, the Reds may take over a large phase, thus lessening the need for grand scale redeployment to that theater.

BOB DZIESINSKI, of the Eighth Air Force, now spending a thirty-day furlough with his parents, Mr. and Mrs. Julius Dziesinski, of N. Second-av, said. "It may mean a sudden end to the war over there. I certainly hope so. It would be swell to have all the Alpena men back home."

PFC. CHARLES E. FREIBURGER, 22 son of Mr. and Mrs. Charles Freiburger, of 819 N. Second, who is in Alpena on a pre-overseas furlough, said: "The Russians are great fighters. With all we have over there now, together with the Russians, the war should wind up a lot quicker. By the Russian declaration of war, a lot of American lives will be saved."

Pfc. Freiburger is now stationed with a training unit of the Eighth Service Command and expects overseas shipment soon.

"I know a lot of guys who are going to be mighty happy about this," said Cpl. Edward L. Harris, 26, son of Mr. and Mrs. Ernest Harris, of 223 Lincoln, who is spending a 30-day furlough in Alpena after more than 20 months in England with the Eighth Air Force.

Alpena servicemen, while cheered by Russia's declaration of war against the Japanese, are harboring no illusions. If the army and the navy says "Go," they'll go, wherever.

Tonight's Band Concert Program

Tonight's concert by the City band will be given at the City Hall campus at 8 o'clock, Charles Richel directing. The following program will be presented:

Star Spangled Banner, Francis Scott Key.

March The Furniture City Band, Charles Sanglear.

Gipsy Caprice, Zingaressa, R. B. Eisenberg.

March. On the Heights, Edwin Franko, Goldman.

OBITUARY

GEORGE KING

George King, 63, died Tuesday night at his home in Leer after being ill since last December.

He was born July 13, 1882, in Canada and came to Oscoda when a small child. He was married 37 years ago in Oscoda to Josephine Martin who died 20 years ago. He went to Rogers City 33 years ago and was employed by the Michigan Limestone & Chemical-co. He had been a resident of Leer since he became ill.

On Sept. 24, 1940 he was married to Mrs. Mary Gruschke of Alpena.

Surviving are, his wife; three daughters, Mrs Kenneth Wickings and Miss Betty King, Port Huron; Mrs. Clarence Robarge, Rogers City; three sons, Harold and George King, Rogers City; Theodore King, s 2-c, somewhere in the South Pacific; a sister, Mrs. Napoleon Seguin, Mikado; a brother, Elmer King, Big Bay, Mich., and four grandchildren.

A son, Arthur King, died 15 years ago.

Funeral will be Friday at 2:30 at Shirtum funeral home, Rogers City. Interment in Rogers City Memorial Park cemetery.

King Peter to Defy Tito Ouster

LONDON—Young King Peter prepared to fight Marshal Tito's plan to oust him from the throne of Yugoslavia.

Peter issued a proclamation, from exile in London last night which said:

"From this moment the duty of defending the constitutional rights of my people reverts to me."

He charged Tito with establishing a "totalitarian dictatorship" in Yugoslavia. Peter dismissed his regency government in Yugoslavia which, he said, had failed in its duties.

Peter said Tito "is now dictating to the people of Yugoslavia the way they should vote in elections to determine the future constitution of the country."

"Every trace of law (in Yugoslavia) has been wiped out," Peter added. "There are preparations for a plebiscite by forceful means and under the terror of a special police force, the Ozna, which has replaced the Gestapo.

The Weather

Alpena and vicinity: Increasing cloudiness tonight and Friday, followed by occasional light rain Friday night; not so cool inland tonight, not much change in temperature Friday; gentle variable winds becoming southeast Friday.

Lower Michigan: Increasing cloudiness tonight and Friday, followed by occasional light rain Friday night and in the northwest portion Friday afternoon; not so cool tonight in the extreme west portion and in the interior of the north portion.

ONAWAY

Is Improving

Word has been received that Mrs. Ralph Smith, who is a patient in University hospital, Ann Arbor, is improving.

Attending Conference

Rev. and Mrs. Arthur N. Fields, Miss Lois Fields and Mrs. Delores Paschal left Monday to attend a Bible conference in the upper peninsula.

Third Operation

Mrs. Roberta Wilton has received word that her son Robert, who was wounded on Okinawa, must submit to a third operation on his legs.

Born

To Mr. and Mrs. Ivan Powell of Flint, a son, Aug. 4.

To Mr. and Mrs. Jesse Nichols of Flint, a son, Aug. 2.

Discharged on Points

Cpl. Leslie Wilkinson, son of Mr. and Mrs. Harvey Wilkinson and husband of Donna Comfort Wilkinson arrived from Europe after three years overseas service. He received his honorable discharge with 124 points. He has five bronze battle stars, presidential unit citation and good conduct medal. He was in the 6th division of the first army and saw action in France, Germany and Belgium.

In Hospital

Mrs. Edward Malnory is a patient in Cheboygan community hospital.

Sonny Nichols and sister Marie of Flint are visiting here.—Carl Benham arrived Sunday. He has been with the armed forces in Africa.—The George B. Petersons of Bay City are spending the week at Black Lake.—Mrs. Mark Carr visited relatives in Owosso.—Mrs. Muriel Jones of Rogers City visited her mother, Mrs. Belle Bard.—Miss Beulah Brown has returned to Battle Creek after spending a week with her mother, Mrs. Cleo Brown.—Albert Turner has returned from a visit in Flint—Mrs. Ernest Woehlert and Mrs. Harvey Wilkinson were in Petoskey.—Bert Gordier is a patient in Little Traverse hospital, Petoskey.—Ernest Woehlert, who has been a patient in Little Traverse hospital, Petoskey, returned Tuesday.

Hawks

Aids Meet

The Lutheran St. Michael's ladies aid met at the home of Mrs. Paul Krueger Thursday, 10 members being present.

Mrs. Emil Mielke was hostess to the Lutheran ladies aid of St. Hope church Thursday afternoon.

Born

To Mr. and Mrs. Henry Grulke, a son, Aug. 1.

Arrives from Overseas

Mrs. Robert McLennan received a telegram last week telling her that her son Ned had arrived in the states from Europe and would soon be home. He has been gone over four years.

Howard White arrived from Mt. Clemens to visit her grandmother, Mrs. Lillian White and George. His brother Bob, also of Mt. Clemens, spent the summer here.—Miss Henrietta Prell of Detroit visited her parents, the Raymond Paulls at their Lake May cottage.—The Rev. and Mrs. Louis Heinecke and daughter Rhoda returned to Utica after a week at Lake Nettie.—The Rev. and Mrs. Herman Brietzke and daughters of Oberlin visited Mr. and Mrs. Henry Brietzke and son.—Mrs. Clifford Stolan received word that her husband has arrived in the states from Europe.—Mrs. Oscar Bennett and daughters Beverly and Barbara of Detroit are visiting Mr. and Mrs. Robert McLennan.—Jack Rogers of Detroit is visiting Mr. and Mrs. E. J. McLennan.—Mr. and Mrs. Edwin Hoeft of Detroit are at Lake Nettie.—Pfc. Thomas Lowe, who has been home on a 30-day furlough left for Indiantown Gap, Pa., to return to service. He recently returned from Europe.—Sgt. Fred Vogler left for Miami, Fla., after a 60-day leave with his wife and family. He had seen service in Europe and was a prisoner of war in Germany for 15 days.—Miss Isabelle Kranzo is visiting Mr. and Mrs. Otto Cordes at Hillman.—Mrs. Edward Prell has left for a two weeks vacation in Saginaw and Detroit.

Wilson

Mrs. Glenn McHarg and children have returned to Ohio, after visiting their parents, Mr. and Mrs. Arthur McHarg.—Mrs. Ackerman and daughter Alicia visited Mrs. Esley Van Wagoner last week.—Mr. and Mrs. Vow Zacharais of Flint visited relatives.—Mrs. Robert Smith has gone to Georgia, where her husband is stationed.—Mrs. Esley Van Wagoner is visiting Esley, who is in the air base hospital at Selfridge field.—Mr. and Mrs. William King of Alpena visited the Ray Rensberrys.—Rev. and Mrs. Boadway and family have gone to Flint t attend conference.—Mrs. Alli Smith has returned from Alpen hospital.

It's Delicious!

BACKACHE, LEG PAINS MAY BE DANGER SIGN

Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Just Arrived! A New Shipment of LUSCIOUS, RIPE

WATERMELON

Watermelon is a summer favorite . . . everybody loves them. And A&P watermelons are big, luscious, sun-ripened melons with a grand tasting sweetness. Thriftily priced, too—as you've learned to expect at A&P.

THURSDAY, AUGUST 9, 1945

THE OATH TO THE FLAG

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands; one Nation indivisible with liberty and justice for all.

• • •

Food Production

It's rather refreshing to have a Secretary of Agriculture who is not wedded to a theory, but can take a practical view of circumstances as they present themselves. "Farm Surplus" used to be a fighting phrase. The unexportable surpluses formed one of the insoluble problems not only of farmers but of all who depended on the process of exporting food and of those who had goods to sell which farmers could not buy because they could not sell their products.

Then along came the New Deal with its effort to stop production of unexportable surpluses by means of government subsidies. Intended only as a temporary measure, it soon became a fighting theory, with many people thinking it wicked to put little pigs into cans to be doled out to hungry folks in cities, and immoral to plow under crops which could not be sold. Under other regimes food was left to rot or was brought into cities and then thrown away in a vain effort to maintain prices. Neither method made sense except as the makeshift of the moment, but people got so wrought up and noisy about the business that, even if there had been a sane and quiet voice, it could not have made itself heard.

Now, however, Secretary Anderson seems to be making an honest effort to solve the farm problem without taking sides. In his statement in the American Magazine he admits surpluses used to wreck us, but says times have changed and production to the limit is now called for. Something about the way he speaks arouses a hope that he may be able to get a little sense and order out of food and farming confusion.

• • •

The City tax was 93.4 per cent paid Aug. 1 — how many cities can point to a record like that?

• • •

American Policy

Uncle Sam certainly didn't enter this Asiatic war for his own advantage, as some of the Japanese spokesmen have been hinting lately. They know, and the world knows, that the United States had renounced territorial gains as a matter of settled policy. It sought nothing in the Pacific area, or any other area, except a free field and a square deal for every nation. So the hubbub and camouflage raised on that score for defensive purposes, by the guilty enemy, falls rather flat. We need bases to maintain peace, but no territory to exploit.

Repetition of such facts, however, may be necessary from time to time, for the information of the world public and the counteracting of propaganda cleverly spread by Japanese representatives at home and abroad. Just as "the devil can quote scripture for his purpose," so the perpetrators of this diabolical war can, and do, misrepresent the situation in many devious ways, and raise doubts in the minds of careless or unwary thinkers.

Barbs

Every single tin can counts in the war effort. Step on it—and turn it in to Uncle Sam!

The War Manpower Commission is expected to extend gate hiring privileges—suggesting a good slogan: "Give 'em the gate job, not the gate!"

A Jap broadcast said, "Even in despair we are laughing." Meantime, our planes are roaring!

River Improvement

Isn't it about time to form a Thunder Bay River Improvement Association made up of owners of property along the shores of the stream?

There are said to be about a hundred cottages and cabins along the river and the number will increase rapidly from now on as the belatedly appreciated stream comes into its own. For years some of the most beautiful scenic spots in this vicinity, on the river, lay neglected, frontage was held at a pittance of its present value. Then a few people awakened to the previously disregarded beauties of the river. A few cabins went up and others followed, slowly at first, until now we have on the river one of our most active recreational developments.

River frontage owners have a pattern for such an organization as we suggest, in the Long Lake and Grand Lake improvement associations with the activities of which most local people are familiar. Owners of property at these lakes regard the associations as vital to the preservation of their property values, the maintenance of fishing and other recreational facilities and the comfort of life in their summer homes.

A Thunder Bay River association would not duplicate the efforts of the Sportsmen's club but the two would cooperate in various ways.

• • •

There will be a lot of double talk from the Japs from now on.

• • •

Delayed Conventions

The War Committee on Conventions has reported that not a single big convention is being held this year. The transportation crisis has delayed them, and mostly officials of the various groups have taken the order in good part. In some cases where hundreds of members might have been expected to attend, or even thousands, a sort of skeleton meeting of not more than 50 representatives has been held to transact the most necessary business and to make plans to carry on until the next convention can properly be held.

People in responsible positions are realizing the necessity of holding the trains for troop movements and for the use also of servicemen on furloughs or of servicemen or civilians on necessary separate business. It is taking longer for individual citizens to see their duty in the matter, but they are beginning to get the idea in earnest. There will be plenty of travel both by individuals on holiday and by convention delegates after the war. The pent-up travel demand, railroaders say, is the greatest ever.

Petain's Prescription

BY JAMES THRASHER

It has long been known that Marshal Petain submits himself to periodic blood-letting, and that he credits the rather unusual vitality of his ancient body to that even more ancient practice.

His trial has indicated that he favored the same prescription for the French nation. By allowing the Nazis to draw what seemed to him a reasonable amount of his countrymen's blood, he apparently hoped that the body of France might be kept alive. It would be a hollow, senile, impotent body, to be sure, but at least it might breathe.

What the old marshal failed to see, or chose to ignore, was that his generally vigorous countrymen did not want the artificial, deadening safety of an old man's cure. They preferred a fighting death to a passive, sterile, degrading life. What he also failed to see, or chose to ignore, was that the blood-letting, as enthusiastically practiced by the Nazis, was killing the patient.

Thanks to blood-letting, the ancient hero of Verdun has survived to hear his countrymen heap accusations upon him—accusations of defeatism, of cowardly toadying, of collusion with a hated enemy, of complicity in countless murders. And perhaps he suspects that his cure can preserve a life too long.

Reporters assigned to the Treasury Department in Washington have asked for a new press-room adding machine with more figures. The old one only computes in millions.

To taxpayers with a national debt in the billions, the cost of one new adding machine is infinitesimal. But we've got to start cutting down somewhere so why not here?

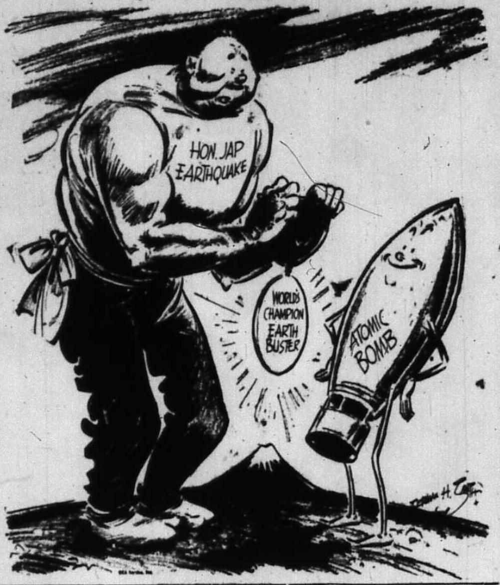
Let the boys keep the old machine and add the three ciphers for billions in pencil. That will be occasionally inaccurate, to be sure, but it won't hurt to take the last three figures in round numbers for a while. It'll be time enough to worry about expenditures and incomes under a thousand when we get the public debt back into the millions.

The only objection to one brand of uniform rule in Germany is that it keeps our boys over there!

A jet-propelled plane called the "Shooting Star" traveled from Dayton to New York in a little over an hour. Enough to make the cow jump over the moon again.

SCIENTISTS WHO AIDED IN DEVELOPING NEW WEAPON—Several of the scientists who participated in development of the new atomic bomb are pictured above in consultation with Maj.-Gen. L. R. Groves, Army officer in charge of the atomic bomb project. From left to right they are Sir James Chadwick, Great Britain; General Groves; Dr. Richard C. Tolman, of the Office of Research and Development in Washington, on leave as dean of the Graduate School of California Institute of Technology, and Dr. H. D. Smyth, of the Department of Physics of Princeton University and consultant to the Manhattan Engineer District.

"Okay, You Win, in a Blast"



PETER EDSON

In Washington...

By Peter Edson
NEA Washington Correspondent

Congresswoman Claire Boothe Luce of Connecticut is among the latest of the more than 100 members of Congress who have endorsed the Murray-Patman Full Employment Bill, and behind that is one of those strange coincidence stories. Mrs. Luce's husband, Henry, is publisher of the Times-Life-Fortune group. Life Magazine has come out in favor of the Full Employment Bill, while Fortune has opposed it. When this inconsistency was called to Editor Luce's attention, there was a big luncheon pow-wow of the two conflicting editorial boards. Shortly after that Mrs. Luce asked to be included as a supporter of the full employment idea.

OFFICE OF DEFENSE TRANSportation Director J. Monroe Johnson found out the War Department was speeding up its schedule to bring the soldiers home from Europe through an accidental telephone conversation. Johnson says he had called up Maj.-Gen. Charles P. Gross, commander of the Army Transportation Corps, to ask about something else. They chatted pleasantly till General Gross mentioned casually that the speedup in the redeployment program was going well. Johnson asked what speedup and Gross told him the speedup that was to bring the boys back in 10 months instead of 18. That was the first Johnson had heard of it. He immediately started chopping off Pullman service and the transportation crisis dated from there.

INTERESTING DETAIL OF the Senate Foreign Relations Committee report on the San Francisco United Nations Charter, which Sen. Tom Connally of Texas presented with such fire oratory and pride, is that it wasn't written by any one of the senators nor by any member of the committee staff, which consists of one clerk and a couple of secretaries. This staff obviously isn't adequate to do the job and the senators didn't have time.

So the report was written in the Department of State at the senators' request, after the Foreign Relations Committee had held its hearings and heard all the favorable evidence presented by State Department spokesmen. As the Charter was the Department's pet child, the Department surprised no one by writing a favorable report.

DEPARTMENT OF STATE administrators have been trying to get out a new directory of the organization for over a year, so that everybody could tell where everybody else belonged. But every time the thing gets set, somebody comes along with new ideas for reorganization. The Department got its first big reorganization in January, 1944, and another in December.

Copy for a directory was completed in April but was held up. One thing it would have shown was that the Office of Secretary Stettinius had a staff of over 80. Secretary Hull used to run it with a staff of six. But now the new secretary, James F. Byrnes, wants another reorganization. The directory editors have about given up.

Looking Back

In Alpena

One Year Ago—Several new teachers were engaged and the Leslie W. Broad residence at the corner of First and Dunbar purchased by the Board of Education. —A 50-foot flag pole was raised at the Doctors club as members observed the birthday anniversary of the president Richard W. Piepkorn.

Fifteen Years Ago—The yacht Sturgeon of Detroit docked in the local harbor.—Dr. R. A. Phillips of the American Red Cross conducted Red Cross life saving examinations in the river at the old Moench tannery site.—The Holmes and Sons branch of the National Grocer-co was purchased by a group of local men and the name changed to the Alpena Wholesale Grocer-co.

Thirty Years Ago — Thomas Lawless was run down by a hit-run driver at the intersection of Chisholm and Eleventh. A short time later and near the county house a buggy occupied by Mr. and Mrs. George Slusser was hit by a hit-run driver. Both escaped injury.—A meeting of Boy Scouts was held at Trinity Parish house for the purpose of re-organizing. Edgar C. Thompson presided.

POISON IVY
HOW TO KILL IT

Kill the outer skin. It peels off and with it goes the ivy infection. Often one application is enough. Get Te-ol solution at any drug store. It's powerful. Stops itching quickly. Your 35c back tomorrow if not pleased. Today at Spen's Pharmacy, Alpena; Larke's Rogers City.—adv.

From where I sit ... by Joe Marsh

Herb's Got a Great Little Wife

Everybody's talking about what a grand job Herb Helm is doing at the war plant. Not just one shift, but two a day—to help build the war materials our men need.

Good for Herb! But I'd like to say a word for Mary, Herb's wife. She runs the house, cooks the meals, takes care of the children, and works on salvage drives and bundles for the Red Cross. Believe me, that's tiring work for any woman!

Yet when Herb comes home—too tired to talk or watch where he drops his ashes, maybe—she makes allowances, keeps smiling, brings him a restful glass of beer, and makes enough conversation for them both. Next morning, Herb goes to work refreshed and cheerful.

From where I sit, women like Mary Helm are doing a great war job themselves ... being tolerant and kind to husbands who are working under a heavy wartime strain. Bully for them!

Joe Marsh

Town Talk

GOOD MORNING

Will Japan surrender today or tomorrow or the day after tomorrow? That is the question foremost in the minds of Mr. and Mrs. Alpena in the wake of the astounding events of the past few days in the land of Nippon. The series of developments gives everybody an opportunity to happily speculate on the degree of discomfort which the inhuman Japs must be suffering. At one time, the enemy thought they might have a chance if we couldn't get along with Russia after the defeat of Germany. They also thought they could make allied losses so heavy in operations against their home islands that they might win a negotiated peace. But all that seems to be out of the question for the Nips who today are feeling the weight of B-29 attacks, American fleet blows, a second atomic bomb and the pressure of the world's largest army moving against them in Manchuria. Those dirty — are getting thats coming to them in the opinion of the average man in the street.

HAS ANYBODY ever picked more than 62 quarts of raspberries in a day? That's the mark established on Monday of this week at the Roy Klein farm in Spratt by little Norman Gardner. Pickers get 10 cents a quart and the growers have no trouble selling their products for 40 cents a quart right on the grounds. We feel today as though we just finished playing football against the Chicago Bears after picking 12 quarts yesterday. Saw one gopher, too many bees and scores of youngsters who seem to talk incessantly. "I like Roy Rogers," one of them said in a conversation dealing with movie stars. "Aw, he sings too much," came the reply from one of his buddies.

THE ALPENA men who leave today for preinduction examinations in Detroit can feel happy in the realization that probably the war will be over by the time they are slated for induction. Whether the end of the war will block their induction a month hence is another question.

"WHAT'LL YOU HAVE?" the waiter asked the tired marine sergeant. "Oh anything," replied the sergeant accommodatingly. "How about some hash?" suggested the waiter. "I told you anything, not everything," corrected the sergeant.

BATTLE OF STARS

The softball battle of the season is expected to take place Friday night when the Downtown Merchants aggregation face a tough City Employes squad at 7 o'clock at Mich-E-Ke-Wis park. Each team has been girding for the battle and a close game is anticipated. The game was originally scheduled for Wednesday night but members of both teams were still drenched in liniment, wrapped in bandages and hobbling around on crutches following practice sessions Tuesday.

—•••—

THE PHILOSOPHER SAYS—

It just isn't possible to be so perfect as to be liked by every one.

—•••—

TODAY'S BIBLE THOUGHT

We are sure to be on the winning side if we are on God's side. Why then remain in darkness and sorrow? Isa. 60:20: Jehovah will be thine everlasting light, and the days of thy mourning shall be ended.

—•••—

RAMBLINGS

They say that if every American family would police their waste baskets and salvage every scrap of wrappings, there would be no paper shortage. Enough paper to triple pack vital war supplies for the South Pacific and at the same time package the merchandise you buy. Think of that when you grumble because there are no paper bags at the grocery.****The Scot has returned from the wilds of the raspberry fields up Beaver lake way and admits picking berries is not all fun. From all reports we don't gather that the berry crop in that particular field suffered much from the Scot's invasion.****That's all—only, the usual summer reading slump has affected the public library for the daily circulation average for July was only 88 books. Library is a quiet place during vacation without its student group at work.

Farmer's Diary

THE TIDE OF HARVEST

Wheat that the farmers planted last fall and waited patiently for almost a year, is rapidly flowing to the markets now. Like a stream that swells in volume with every added rill, so the mighty current grows, east and west, south and north, for the limits of three million square miles, the treasure worth more than gold is garnered and gathered into storage to help statisfy the hunger of many nations.

Each morning when the dew is gone from the wheat shocks and the straw is brash and dry, our neighbors, with wagons pulled by team or tractor, go along the highway to the place of threshing. Here all day the long sheaves are tossed by pitchforks from the seasoned shocks into the wagon—three or four men pitching sheaves, two building up the load, until it climbs high above each upright—then that moves on from the field and another enters to be filled.

All day long, with only time out for dinner, the work of loading, loading, loading continues. The shocks are numerous, the crop is heavy, the day is long and hot. It may take one day, two, or perhaps even a third to complete the harvest. But steadily the work goes on, nor will it cease until the community thresher completes its rounds.

Sometimes on the homeward trip, the tractor pulls a long low rubber-tired farm wagon, loaded high with bags of wheat. The village elevators are open until late hours to receive the grain. The mammoth trucks from these elevators operate about the countryside, and haul away the grain that was threshed that day, in barn or field.

Each morning finds these trucks pouring their heavy contents down the hopper beside the weighing platform. Each load is tested for moisture content and, if satisfactory, the grain is lifted by endless revolving belts high into spacious bins above.

Inside the ground floor, belted pullies whirl and golden grain moves up or flows down wooden chutes to be ground into feed.

Fine dust permeates the fresh, cool morning air and the heavy pleasant fragrance of wheat everywhere about the place gives an atmosphere of busy plenteousness in a world of need and hunger.

Georgia Abolishes Poll Tax System

ATLANTA, Ga.—Georgia today had adopted a new constitution, permanently abolishing the poll tax, setting up a merit system for state employes and placing the state's agencies under strict budget control.

The new code was installed by an overwhelming majority in an election marked by a light vote.

The streamlined constitution replaces one 68 years old and amended 301 times.

Try this Easy Way to...
CLEAN DENTAL PLATES

At last, a scientific way to clean dental plates and bridges REALLY clean. Just put your plate in a glass of water. Add a little quick acting Kleenite. Junior Dirndl

Make this adorable young dirndl! Take your choice of high or low neck, ric-rac initials (alphabet transfer included). Junior Miss Pattern 9192 is an easy-to-make frock!

Pattern 9192 comes in Junior Miss sizes 11, 13, 15, and 17. Size 13 takes 2 7-8 yards 35-inch material.

Send 20 cents in coins for this pattern to The Alpena News, Pattern Dept., 155 N. Jefferson St., Chicago 80, Ill. Print plainly your name, address, zone, size and style number.

Fifteen cents more brings you the Marian Martin Summer Pattern Book, a collection of all that's new and smart in wearing apparel for the family. Free Nightgown Pattern printed in the book!

Germany Pinned Hope on Making Atomic Bomb

OCCUPIED GERMANY— Germany's great wave of optimism last winter, it was revealed today, was based on belief that rockets and buzz-bombs equipped with atomic warheads would shortly be hurled against the allies.

The Germans, it was learned, believed that their atom-splitting experiments were far enough advanced to enable them to win the scientific race with the allies and with it, the war.

MANY DETAILS of this scientific race was still secret and shrouded in censorship but it is known, that the Nazis employed murder, kidnaping and espionage in an effort to beat the allies to the secrets of the atom.

Under the personal orders of Adolf Hitler atomic research was given top priority in Nazi scientific research.

Experimental stations were established at Rjukan in Norway, on the Danish island of Bornholm, at Pennemuende and the Chiemsese in Bavaria.

For at least a year it has been known in top circles that the Germans had made tremendous strides toward the perfection of the atom bomb but were seriously handicapped by inability to get sufficient rare raw materials through the allied blockade.

ANOTHER HANDICAP was the death of the master mind of the scientific race, a general whose name was believed to be Chalmier-Chyzynaki. He was killed in the RAF attack on the Pennemuende laboratory.

The Germans focused their scientific attention on heavy water which was produced at Rjukan and the minerals, hafnium, protacnium and radium.

One of the scientists involved in the experiments was Dr. Dolf Hofmann who told allied interrogators that the problem had reached the stage where solution was certain within a year if the German scientists had been allowed to work under the best conditions.

Hofmann called the atomic bomb the "ultimate in destruction."

Notice of Hearing Claims Before Court

State of Michigan, the Probate Court for the County of Alpena. In the matter of the estate of Nelson LeBlanc, deceased. Notice is hereby given that two months from the 26th day of July A.D. 1945, have been allowed for creditors to present their claims against said deceased to said court for examination and adjustment, and that all creditors of said deceased are required to present their claims to said court, at the probate office, in the City of Alpena in said county, on or before the 26th day of September A.D. 1945 and that said claims will be heard by said court on Tuesday, the 2d day of October A.D. 1945, at ten o'clock in the forenoon.

Lince-Beaver Wedding Held In Topeka

The marriage of Lillie Beaver, daughter of Mr. and Mrs. James L. Beaver of Grandview, Tex., to Pfc. Marcus E. Lince son of Mrs. Lucy Lince of Alpena took place July 14 at the home of Mr. and Mrs. Burl J. Snow in Topeka, Kans. The Rev. Frank H. Elbright of the Lowman Methodist church read the marriage service. The bridal party stood at the landing of the stairway which was banked with ferns, snapdragons, asters, daisies, roses and baby breath.

Attendants were Cadet Nurse Mary Ann Balsey and Pfc. Leonarrd Traas.

The bride wore a dark blue crepe dress trimmed with a white lace panel down the front and had an orchid corsage.

A reception followed the service.

Pfc. and Mrs. Lince are at present visiting his mother and his sister Mrs. Fred Lawrence, Lockwood-st.

Pfc. Lince entered the infantry Feb. 27, 1941 and has served in the Hawaiian and Solomon islands and in the Philippines. He was wounded Apr. 20 on Negros island and had been a patient at Winter hospital, Topeka.

Fall Festival

The Lions are making plans for their annual fall festival to be held over the Labor Day week-end.

Home Talent Show

The Eastern star chapter is planning a home talent show to be given in the City Hall in the near future. Proceeds from this benefit show will go to the Ida Hibbard Fund which is used to purchase artificial limbs for disabled veterans. The show will be under the direction of Miss Betty Ritzenhein assisted by Mrs. G. Chamberlain. Tickets will go on sale this week.

Dedication Services

Special Dedication services were held at the Methodist Church Sunday with The Rev. B. McNally, Rev. Leonard Sanders, Plymouth, Fred Wilcox, Wyandotte, and Rev. Keets Greenbush, taking part. The articles dedicated were a communion table, gift of Mrs. R. Helmbelt; cross, gift of Mrs. C. B. Fuqua; choir chairs, gifts of Mrs. William F. Carle; and set of flags, gift of the W.S.C.S.; Mizpah Class and Sunday school.

Mizpah Class

Mrs. S. K. Erickson entertained the Mizpah class at her home, 15 members and six visitors present. Plans were made for a white elephant and food sale to be held Aug. 25. Mrs. Edith Martin in charge of the white elephants and Mrs. W. Fogelsinger, in charge of the food. A supper was planned for Thursday night, Aug. 16 to be held in the church parlors. The committee in charge is Mesdames Carl Reibow, John Frechette, W. Fogelsinger, B. McNally, M. N. Johnson and A. R. Miller. Following the business meeting the entertainment was under the direction of Mrs. C. Abrams and Miss Mattie Rose. The next meeting will be held on Tuesday Sept. 4, the day following Labor Day. Program committee for the meeting will be Mrs. C. S. Brown and Mrs. S. K. Erickson.

Supervisors Transferred

James Scully, supervisor of the State fish hatchery for the past 28 months, has been transferred to the Thompson fish hatchery at Manistique. Joe Southgate, Harriett, has been named to fill the position at Harrisville.

Contract Club Meets

Mrs. A. G. Newberry was hostess to the contract club at her home. Four tables were in play with Mrs. William Conklin, holding high score, Mrs. C. Abrams second and E. W. Chapelle, third. Others present were the Mesdames, E. Simonsen, Floyd Hilliard, Jack Swenson, J. F. Ritchie, Herman Dehnke, George Leonard, S. P. Hertzler, N. J. Schorn, A. F. Miller, S. K. Erickson, Edith Martin and Miss Mattie Race.

Miss Judy Ann Brown, Detroit, is viisting her grandparents, the Rev. and Mrs. C. S. Brown.—Miss Betty Nitcher, Detroit, is visiting Miss Beverly Simenson.—Mrs. John Ross arrived from Detroit, to spend her vacation with her parents, Mr. and Mrs. George Freer.—John Frechette has completed his course at Marquette college and returned to his home. Elwin Miller, Detroit, is visiting his parents, Mr. and Mrs. James Miller.—Miss Florence Buchanan, Mrs. E. Weaver, and the Misses Nora Buchanan and Shirley Steadman left Tuesday to spend a few days at Mackinaw.—Mr. and Mrs. Charles Olds and daughter Marion Lee are spending their vacation at Hubbard Lake.—Carter Smith Lansing, is visiting his grandparents, Dr. and Mrs A. B Carter.—Cpl. Fred Ritchie and Mrs. Ritchie, Ypsilanti, George Ritchie and friend, Muskegon, are visiting their mother, Mrs. Catherine Ritchie, Fred has returned after spending the past two years in England.—PFC. Bruce Ferguson arrived Monday to spend his furlough with Mrs. Ferguson and daughters. Pfc. Ferguson is stationed at Camp Maxey, Texas.

TEXSUN GRAPEFRUIT Juice
THE BEST JUICE COMES FROM THE BEST FRUIT
Useful in so many clever Ways

GINGELLO
YOU'LL NEED
1 No. 2 can Texsun Grapefruit Juice
1 pkg. lemon gelatin
1 cup crumbled gingersnaps
6 marshmallows

This is really a honey. Heat Grapefruit Juice to boiling point. Remove from heat, add gelatin and stir until dissolved. Chill. When it starts to congeal stir in the gingersnaps and the marshmallows cut small. Chill thoroughly. Pile into sherbet glasses. This very easy to make recipe serves six. All six will want "seconds."

Browns Dispose of Two Players; Lose 5-4 to Lowly A's

By Carl Lundquist
United Press Staff Correspondent

NEW YORK—The sad St. Louis Browns were in the last act today of one of baseball's most doleful dramas. They were the major league team that couldn't stand success.

Always the poor "country cousins" of the American league, they became the "one-year wonders" of 1944 by winning their only pennant. Now, just about a year from the time, they apparently have given up on the 1945 race by selling players to the two hottest contenders to succeed them, Washington and Detroit.

THE TIGERS PICKED up pitcher George Caster, who was their most reliable relief pitcher in the 1944 campaign, while Washington obtained keg-legged outfielder Mike Kreevich, the only regular on the Brownie squad last year who hit above .300.

The Browns struck a new low last night when they fell two games behind the sixth place Red Sox, losing, 5 to 4, in 10 innings to the last place Athletics at St. Louis. Hal Peck won the game with a homer.

The White Sox kept the second place Senators from moving into a tie for the lead at Chicago, winning, 7 to 3, with an 18-hit attack.

It was achived through the steady side-arm pitching of Earl Caldwell.

LEFTY AL SMITH of the Indians, shut out the third place Yankees at Cleveland, 1 to 0, and batted in the game's only run when he doubled off Ernie Bonham to score Felix Mackiewicz.

The cocky Cubs kept rolling along in the National, making 31 hits in winning two from the Braves at Boston, 5 to 2 and 3 to 2 in 12 innings.

Dixie Walker's homer provided Hal Gregg the margin for his first big league shutout as the Dodgers topped the Reds at Brooklyn, 1 to 0.

George Dockins of the Cardinals also got his first shutout when he blanked the Giants, 3 to 0, at New York.

The Pirates and Phils traded shutouts at Philadelphia. Pittsburgh won the opener, 4 to 0, on Elwyn Roe's six-hit job. Dick Mauney scattered eight hits to win the second game for the Phils, 5 to 0.

McCarthy Rejoins Team in Cleveland

BUFFALO— Yankee manager Joe McCarthy, who says he never had any intention of quitting his job, was on his way today to rejoin the club in its series with the Indians at Cleveland.

McCarthy, who was under a doctor's care at his home near here for more than two weeks, said that he made the decision to return yesterday after a visit with Yankee president Larry McPhail.

McCarthy admitted he had submitted his resignation to MacPhail before leaving New York to come here, but said MacPhail refused to accept it.

Two Michigan Men In Bombing Crew

GUAM—Two Michigan men were among the Superfortress crew which carried the first atomic bomb to Japan.

They were Flight Engineer Wyatt E. Duzenbury (rank unstated), of Lansing, and Sgt. Robert R. Shumard, Detroit, gunner's assistant.

Others of the pioneering crew were:

Plane commander, Col. Paul W. Tibbets-jr., Miami Fla.; Naval observer and "weaponeer," Capt. William S. Parsons, Santa Fe, N. M.; bombardier, Maj. Thomas W. Ferebee, Mocksville, N. C.; co-pilot, Capt. Robert A. Lewis, Ridgefield Park, N. J.; electronics officer 2d Lt. Maurice Jeppson (hometown unavailable); radar operator, Sgt. Joe A. Stiborik, Taylor, Tex.; radio operator, Pfc. Richard H. Nelson, Los Angeles, Calif.; gunner, S-Sgt. George R Caron, Lynbrook, N. Y.; navigator, Capt. Theodore Z. Vankirk, Northumberland, Pa.

Service Manager Believes English Go for Baseball

By Jack Cuddy
United Press Staff Correspondent

LONDON—Staff Sgt. Charles (Mike) Mileusnich of Columbus, O., is an ultra-optimist. He believes first that his United Kingdom All-Stars will win the European service baseball championship at Manheim, Germany, late this month, and secondly that the British public is learning to love the horsehide sport.

Mileusnich, slender, dark-haired and 30, many manage his "U. K." team to the title because he has at least four ex-minor leaguers, but any British trend toward the diamond looks like wishful thinking on his part.

But he swears differently.

"THE BRITISH ARE becoming so baseball conscious that they've already got leagues and umpires associations at Birmingham," he said. "Many clubs are springing up throughout Britain where enthusiasts are trying to initate the American style of play, and also the lingo.

"British civilians, and also servicemen, became interested reluctantly when United States army athletic officials requested and generally received permission to use cricket fields for baseball.

"But they would not permit us to build pitcher's mounds, making it tough on the hurlers," he added. "They had to watch, horrified as American players tore up the hallowed turf with spikes, but they gradually became interested in the game and began experimenting and borrowing equipment. They realized that Americans are not completely nertz, because baseball is fun. Believe me, baseball is here permanently in Britain."

MILEUSNICH IS a former insurance salesman from Columbus where he played second base on a sandlot team and coached. His All-Stars include former pitchers Capt. Ralph Ifft of Springfield in the Three-Eye league; Cpl. Edward Schoenform of Minneapolis in the American Association and Sgt. Charles Kimmel of Atlanta in the Southern, as well as shortstop Cpl. Daniel Carnevale from Buffalo in the International circuit.

Mileusnich talks like a major league manager.

"I ain't promising we'll win the title," he said, "but we'll be in there hustling."

Tigers Purchase Brownie Pitcher

DETROIT — General manager Jack Zeller of the leagueleading Detroit Tigers today announced purchase of pitcher George Caster from the St. Louis Browns for a cash sum.

The 38-year-old right-hander has been in the American league 10 years and in organized baseball 16. He started with the Philadelphia Athletics in 1934, and went to the Browns in 1939.

Caster won six and lost six in 1944 and has a major league record of 68 victories against [illegible] losses. His earned run average of 2.44 ranks seventh among American league hurlers. Caster will report immediately to the Tigers.

Titan Hanover Listed Among All-Time Greats

GOSHEN, N. Y.— The name of Titan Hanover was added today to the list of outstanding champions of all times.

The three-year-old bay trotter earned his way into that select group by winning the Hambletonian stakes in an unprecedented setting.

His 10 previous victories—he never has known defeat—made him so highly regarded that the operators of the track barred him from the betting pool for the Kentucky Derby of harness racing yesterday. Events proved they made no mistake.

The horse won the classic in two straight heats to make him one of the best investments in sports history. His share of the gross purse was $27,608.33.

Final Administration Account

State of Michigan. The Probate Court for the County of Alpena. At a session of said court, held at the Probate Office in the City of Alpena in said County, on the 1st day of August A. D. 1945. Present: Hon. Charles W. McLean, Judge of Probate. In the matter of the estate of Mary C. Terry, deceased. Mae Terry, Administratrix de bonis non having filed in said Court her final administration account, and her petition praying for the allowance thereof and for the assignment and distribution of the residue of said estate and order entered determining heirs at law of said deceased. It is ordered, that the 28th day of August A. D. 1945, at 10 o'clock in the forenoon, at said Probate Office, be and is hereby appointed for examining and allowing said account and hearing said petition. It is further ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in The Alpena News, a newspaper printed and circulated in said county.

Vaughn Wins, 18-11 Over K. C.; Fraser And Legion Meet

The Fraser softball aggregation will seek its fourth win in as many starts in the second half schedule of the City league when they battle the American Legion outfit at 7 o'clock tonight at Market Square.

The Legion, participating in its third game of the season, will be gunning for its second triumph. It will be the first meeting of the two clubs this season.

In play Wednesday night, Vaughn finally broke into the win column after losing two games in a row, trouncing K. of C., 18-11, in a slugfest affair at Market Square.

THE GAME WAS featured by three homers, four triples, five doubles and 15 singles.

Vaughn took the lead, which was unrelinquished, by pushing across two runs in the second inning on two singles, a triple by Frank Keller and an error.

When K. of C. countered with a run in its half of that inning, it appeared that a close battle might ensue but Vaughn came back in the third to tally four runs on three singles, an error and a triple by Roy Boynton. K. of C. scored their run on a triple by Albert DesChamps and an infield out.

Vaughn extended its lead in the fourth, after driving Leonard Niedbala from the mound, by scoring nine runs off Leonard Piper. Five singles, two walks, three errors and a double by Bill Downie figured in the scoring.

K. OF C. OPENED up with slugging in the fourth inning but were able to score only three hits. Jim Duranceau and Frank Wudcoski hit homers while a single and an error produced the other run.

A single and doubles by Manager Leon Hinkley and Greg Grant brought in two more Vaughn runs in the fifth and two walks and an error produced the final run in the seventh.

With Manager Hinkley replacing Walter Wagner on the mound for Vaughn, K. of C. were able to produce four runs in the fifth on two walks and error, a triple by Piper and a double by Niedbala. Two walks, an error, three singles and another triple by Piper produced three K. of C. runs in the last two frames.

Kentucky Coach Attempting to Develop Speed by Making Players Run With Feet Apart

BY NED BROWN
NEA Staff Correspondent

Bernie A. Shively, new head football coach at University of Kentucky, has been concentrating on one of his pet theories in summer practice. That is the development of speed on a wide-running base.

Shive, as he is familiarly known has been teaching his backs to run with their feet wide apart. He requires the men to sprint down a cinder path marked with parallel lines 24 inches apart. While racing at top speed, the athletes had to keep their feet outside the lines.

Just how Shively hopes to develop speed by this manner of running is difficult to conceive. An elephant might do it, but most backs are not elephants. However, it may help the linemen, because it will force them to run "closer to the ground" and they're not as likely to be knocked off balance easily.

GLENN DAVIS, star back of last year's Army team is no tortoise when it comes to speed. The fleet-footed West Pointer outran the Navy's fastest in defeating the Middies last year, making a long run for the most spectacular touchdown of the game. And Glenn ran like a sprinter, not like a guy trying to do an aerial split.

Harold (Red) Grange was another spectacular running back. Shively was an All-American guard on the Illinois team which Grange made famous in the 1920s. Shive says he still considers Grange the greatest football player of all time. Yet there was no wide spread to Red's style of running.

The coach chuckles as he recalls how the big Illinois linemen used to look after Grange.

"WHENEVER THE redhead was tackled," says Shive, "we'd all run up in a hurry and pull tacklers off him. We didn't want anything to happen to him underneath those pile-ups."

Shively is also Kentucky's athletic director. He has been at Kentucky since the fall of 1927, but never before served as head grid mentor. Always he has been an assistant football coach.

It will be interesting to see how Shively's wide-running base theory works out. Offhand, it seems to me the boys will be waddling over the gridiron like a lot of ducks.

But one thing seems certain—they won't be falling over their own feet.

Will Review Games If Travel Eases

WASHINGTON—National Professional football league executives had the promise today of J. Monroe Johnson, director of defense transportation, that he would review his decision cancelling 13 non-league games if the travel crisis is eased.

Johnson yesterday refused to approve the 13 games in a conference with league's commissioner Elmer Layden. He said players would use 340,000 passenger miles of rail transportation if the games were played.

TO SIGN WITH PHILS

NEWTON, Mass.—Pitcher Hugh Mulcahy, discharged after four and one-half years' army service, will sign his contract with the Philadelphia Phillies Sunday and report for duty one week later, he disclosed Wednesday. Mulcahy, first major league baseball player to enter the armed forces, made the announcement after talking by telephone with general manager Herb Pennock. The big right-hander is visiting his parents here.

U-M GRIDDERS OPEN SCHEDULE ON SEPT. 15

ANN ARBOR — Michigan will open its 1945 football schedule this fall with a record of 127 games won, 62 lost and ten tied in 199 games with nine of its ten opponents.

Only new rival on the Wolverine schedule is Army. The teams will meet for the first time in Yankee stadium, Oct. 13.

From the standpoint of the number of games played the Wolverines three most frequent rivals are Ohio State, Michigan State and Minnesota. The Maize and Blue won 28, lost six and tied three in 37 games with Michigan State.

Great Lakes, opening foe on Sept. 15, has been met only once previously, Michigan winning 9-0 in 1942.

The complete schedule:
Sept. 15 Great Lakes, Here.
Sept. 22 Indiana, Here.
Sept. 29, Michigan State, Here.
Oct. 6, Northwestern at Evanston.
Oct. 13 Army at New York.
Oct. 20 Open.
Oct. 27 Illinois at Champaign.
Nov. 3 Minnesota, Here.
Nov. 10 Navy at Baltimore
Nov. 17 Purdue, Here.
Nov. 24 Ohio State, Here

Stubby and Al Partly Break Boston Jinx

By Jack des Chenes
United Press Staff Correspondent

DETROIT—Paul (Dizzy) Trout, whose record thus far shows nine victories against 11 defeats, is expected to take the mound for the Tigers today in an attempt to further disperse the spell which the Boston Red Sox have hung over the Bengals for a great part of the current season.

The spell was partly broken in the opening game of a doubleheader between the Tigers and Red Sox yesterday at Briggs stadium, when the pitching team of Stubby Overmire and Al Benton collaborated in handing rookie Dave Ferriss his fifth loss by a score of 5 to 2. Dave previously whipped Detroit in three straight games.

WILSON RECOVERING

DETROIT — Ford hospital attendants today reported Boston Red Sox pitcher Jim Wilson "doing nicely" after undergoing an operation for a skull fracture which he sustained in yesterday's Detroit-Boston game.

He was carried unconscious off the field, but revived shortly after his arrival at the hospital.

Attendants said Wilson would not be back in the lineup for at least two weeks.

HAL NEWHOUSER, bidding for his eighteenth victory in the night cap, went down to defeat, 7 to 4. The game ran 12 innings and was marked by a freak accident in the tenth inning which sent pitcher Jim Wilson to the hospital with a fractured skull.

Newhouser gave up three runs in the first inning, then settled down to pitch scoreless ball until the ninth. Wilson also coasted along until the ninth, after being worked for a Tiger run in the sixth.

With two men out and Jimmy Outlaw on first base, Zeb Eaton was sent in to pinch-hit for Newhouser. He responded by zooming a home-run into the left center stands at the 400-mark to tie the score.

Pitcher Walter Wilson was sent in to face the Bostonians, and set them down in order in the tenth.

ROY CULLENBINE opened the Tiger half with a single. Then Hank Greenberg blasted out a tremendous line drive that hit Wilson on the head. As he dropped to the ground unconscious, the ball was deflected toward first base, where Dolph Camilli snagged it and forced Cullenbine at second.

Greenberg's liner was tagged for a sure hit, which would have sent Cullenbine to third and in a position to score on a fly ball which Outlaw hit off pitcher Mike Ryba a few moments later.

Pitcher Walter Wilson blew up completely in the twelfth, in which inning he was relieved by Art Houtteman and Boston scored four runs on as many hits.

Benton went to Overmire's relief in the eighth inning of the opener.

Forecast Increase In Meat Supply

WASHINGTON—The Department of Agriculture said today that civilians may expect slightly more meat this fall than they have been able to buy in recent months.

Continued heavy demand however, is expected to hold meat prices near their present high levels through early 1946, a department report said.

The total meat output for 1945 it said is expected to approximate 22,700,000,000 pounds of dressed meat, the third largest of record, but nearly 2,000,000,000 pounds less than the record output of 1944.

Appointment of Administrator

State of Michigan. The Probate Court for the County of Alpena. At a session of said Court, held at the Probate Office, in the City of Alpena in said County, on the 1st day of August A. D. 1945. Present, Hon. Charles W. McLean, Judge of Probate. In the matter of the estate of Hannah Kramer, deceased Marion C. Grider, having filed in said Court her petition praying that the administration of said estate be granted to W. T. Yake or to some other suitable person. It is ordered that the 29th day of August A. D. 1945, at 10 o'clock in the forenoon, at said probate office be and is hereby appointed for hearing said petition. It is further ordered, that public notice thereof be given by publication of a copy of this order once each week for three successive weeks previous to said day of hearing, in The Alpena News, a newspaper printed and circulated in said county.

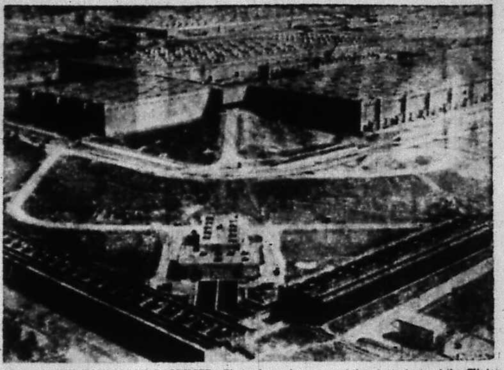
Notice of Hearing Claims Before Court

State of Michigan, the Probate Court for the County of Alpena. In the matter of the estate of Carrie G. Bertram, deceased. Notice is hereby given that two months from the 26th day of July A.D. 1945, have been allowed for creditors to present their claims against said deceased to said court for examination and adjustment, and that all creditors of said deceased are required to present their claims to said court, at the probate office, in the City of Alpena, in said county, on or before the 26th day of September A.D. 1945, and that said claims will be heard by said court on Monday, the 1st day of October A.D. 1945, at ten o'clock in the forenoon.

Dated July 26 A.D. 1945.

Charles W. McLean,
Judge of Probate.
(jul26a2-9-16)



WHERE ATIMIC BOMBS ARE PRODUCED—Photo above shows one of the giant plants of the Clinton Engineering Works at Oak Ridge, Tenn., where new atomic bombs are produced.

Final Administration Account

State of Michigan. The Probate Court for the County of Alpena. At a session of said court, held at the Probate Office in the City of Alpena, in said County, on the 8th day of August A.D. 1945. Present, Hon. Charles W. McLean, Judge of Probate. In the matter of the estate of Arthur A. Derby, deceased. Mary E. Rulison, administratrix d.b.n., having filed in said Court her final administration account, and her petition praying for the allowance thereof and for the assignment and distribution of the residue of said estate and for a determination of the heirs at law of said deceased. It is ordered, that the 4th day of September A.D. 1945, at ten o'clock in the forenoon, at said Probate Office, be and is hereby appointed for examining and allowing said account and hearing said petition. It is further ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in The Alpena News, a newspaper printed and circulated in said County.

Charles W. McLean,
Judge of Probate.

Helen C. Greene,

Sale or Mortgage of Real Estate

State of Michigan, The Probate Court for the County of Alpena. At a session of said Court, held at the Probate Office in the City of Alpena in said County, on the 19th day of July A D. 1945. Present, Hon. Charles W. McLean, Judge of Probate. In the matter of the estate of Caroline Morrow, deceased. Gustav A. Brocker having filed in said Court his petition, praying for license to sell at private sale the interest of said estate in certain real estate therein described. It is ordered, that the 16th day of August A.D. 1945, at 10 o'clock in the forenoon, at said probate office, be and is hereby appointed for hearing said petition, and that all persons interested in said estate appear before said court, at said time and place, to show cause why a license to sell at private sale the interest of said estate in said real estate should not be granted. It is further ordered, that public notice thereof be given by publication of a copy of this order for three successive weeks previous to said day of hearing, in The Alpena News, a newspaper printed and circulated in said county.

Charles W. McLean,
Judge of Probate.

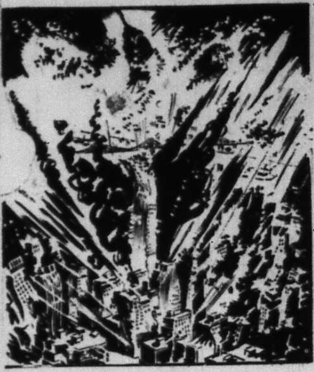
HOW ATOMIC BOMOB COMPARES WITH TNT



The atomic bomb is the most terrible engine of destruction ever conceived. One pound of U-235 could blast a great city, like New York, off the face of the map.

To get a comparable explosion from TNT, you would have to set off 15,000 tons or 300 carloads of 50 tons each. If U-235 exploded at TNT's speed, pressure would be 1,000,000 times as great.

Fantastic Changes Loom With Dawn of Atomic Age

WASHINGTON— The dawn of the age of atomic power brings with it visions of fantastic changes in our civilization of the future.

Not for tomorrow, probably not for our lifetime. But men of science can see reason now for believing that some time such things as these can be:

Automobiles, trains and airplanes that run for their lifetime on a single fueling of a bit of stuff from which atomic power can be released at will.

Furnaces of vest-pocket size.

Power for whole cities produced from a few handsful of matter.

The experience of the past indicates that such achievements will come by very gradual steps. Stupendous problems in technical and practical science have to be overcome.

BUT THE FIRST great peak has been surmounted with discovery of how to use atomic energy as an explosive force. The vistas of the future, however remote, begin to take shape.

For now, the atomic force will be applied to war. And like nearly everything else about war it is economically wasteful.

In simplest terms, two fundamental problems face the postwar scientist who will seek to bring the atomic age across its threshold.

First, they must learn to govern the release of atomic energy so that it will produce heat at a temperature practicable for use in conventional power plants, or develop unconventional power plants that will use it as it can be released.

Secondly, they must in some or many ways reduce the cost of this operation so that such energy is produced more cheaply than from present sources.

WHEN ALL THE problems are solved, the most fantastic imaginings of the Sunday supplements will be commonplace, and perpetual motion will be virtually an accomplished fact.

Before the blackout of war covered atomic research, scientists had told something of the possibilities of what they were doing. They said even then that a single five or ten pound chunk of U-235 uranium, activated merely by contact with cold water, could theoretically drive an ocean liner about the world indefinitely. It would possess the power output of 25,000,000 to 50,000,000 pounds of coal or 15,000,000 to 30,000,000 gallons of gasoline.

A chunk of similar size might well supply the power used by a great metropolis for an entire year.

SCIENTISTS FORESAW an automobile with a sealed fuel tank that would never need replenishing—for the manufacturer could put in enough atomic fuel to last the lifetime of the car.

The potential of the atomic age is limited only by the bounds of man's imagination. No speculation could be too fantastic for a world in which an unlimited power supply flowed from the earth's matter as the rays flow from the sun. That is what the scientists will be shooting for.

In such a world, the mundane problems of keeping warm of overcoming darkness and even the effects of weather, of moving about quickly and cheaply, could be marked solved and forgotten—almost as man now pushes aside the problem of having air to breathe.

In such a world, physical labor could give way to scientific control of power flow.

Men, Women! Old at 40, 50, 60! Want Pep?

Want to Feel Years Younger?

Do you blame exhausted, worn-out feeling on age? Thousands amazed at what a little pepping up with Ostrex has done. Contains tonic many need at 40, 50, 60, for body old solely because low in iron; also supplies vitamin B1, calcium, phosphorus. Low cost! Introductory size only 35c! Try Ostrex Tonic Tablets for new pep, younger feeling, this very day.

At all drug stores everywhere—in Alpena, at Dziesinski and Spens-adv.

PALE? WEAK? from loss of BLOOD-IRON?

Girls! Women! If you lose so much during monthly periods that you feel weak, "dragged out"—this may be due to low blood iron. So try Lydia E. Pinkham's TABLETS—one of the best home ways to help build up red blood in such cases. Pinkham's Tablets are one of the greatest blood-iron tonics you can buy. Follow label directions.

Ways to Beauty

Can't decide whether to decorate your towels, pillow cases and scarfs with embroidery or crochet? Why not use both, for a super effect?

Flowers are in easy embroidery; edging 2¼ in. wide, is simple crochet. Pattern 816 has transfer of 6 motifs averaging 4½ x 12 inches.

Send 15 cents in coins for this pattern to The Alpena News, Needlecraft Dept., 549 West Randolph Street, Chicago 80, Ill. Print plainly pattern number, your name and address.

Fifteen cents more brings you our new 1945 Needlecraft Catalogue . . . 95 illustrations of designs for embroidery, toys, knitting, crochet, quilts, handicraft . . . a free doll pattern printed right in catalogue.

Lions Are Host To Six Servicemen

Members of the Lions club were host to six servicemen returned from overseas at their Tuesday luncheon meeting in the Owl cafe.

Present were, Pfc. Donald Keller, Cpl. Jack Zolnierek, T-5 Pat Richards, S-Sgt. Don Hoenshell, Pfc. Ray Putkamer and James Gavagan of the navy.

Pfc. Keller related briefly the capture of Putkamer, Zolnierek and himself by the Germans, their release by the Russians, and conditions in the prison camp.

"We were all supposed to be tough guys" said Sgt. Hoenshell, who recently returned from Italy, "but when we saw the Statue of Liberty and the skyline of New York, many began the weeping routine—and it was no kidding.

"It did not end there. With every click of the railroad wheels. I knew I was getting closer to Alpena and was glad to get back. This is home!"

Hoenshell said that many Italian men were jealous because the American soldiers paid so much attention to the Italian women. He asserted there are still many Facists to be dealt with.

Plans for the anual Lions picnic Aug. 15, were discussed by Howard Taracks picnic chairman.

Henry Miller, of the Lincoln Lions club a guest, invited the Alpena Lions to a community "blowout" at Lincoln Aug. 28 sponsored by the Lincoln Lions. The full day program will include a coon hunt, horse racing, a horse pulling contest and a car race to be held at the airport. He said that no car valued at more than $50 may enter the race.

A. F. Lindeman of Kansas City, Mo., was also a guest.

Edward Karpus was chairman of the meeting.

Owners Advised To Market Lambs

EAST LANSING—Michigan flock owners were advised today by C. L. Cole, animal husbandry research specialist at Michigan State college, to sort out lambs for immediate marketing when they have reached 90-pound weight and desirable finish.

Early lambs which have been on good pasture and under proper parasite control should be reaching market weights, Cole said.

Lambs too thin to top the market should be weaned and put on grain feeding so they will be ready for market before the heavy fall runs, he advised. If lambs do not have access to growing pasture, 10 per cent soybean oil meal should be added to cereals to provide protein, Cole said.

RUBBER INVASION BOATS

Synthetic rubber invasion boats like these, designed to glide noiselessly in shallow water, are one of the many urgently needed invasion items being made by United States Rubber Company that may delay further, production of the rubber soled Keds and Kedettes you like for sports and play. Used successfully for reconnaissance, shore landings and even for evacuation of the wounded, these invasion boats are easy to transport because they are collapsible, pack in small carrying cases yet can be inflated quickly when needed.
